THE DAFFODIL FARM

Olympia, Wash., R4.

We believe the list of bulbs presented herein, contains a range of variety, color and quality of proved merit that should meet the requirements and desire of every flower gardener. You may be certain it is to our interest as well as yours, that we will send you bulbs of the finest quality and size to give you the best results, and something extra to show our appreciation of your order.

It would not be fair on our part if we did not tell you to order and plant your bulbs early. We are certain September is the best planting time, then they will root well before cold weather and give better bloom with no detriment to the bulbs for next year's blooming as is the case with late planting. If it cannot be helped October planting will do, but we dislike to sell you bulbs after the middle of October.

GUARANTEE—We guarantee all stock true to name and free of disease and to please you on arrival. Further than this we cannot go, for we have no control over your climate or growing conditions. If for any reason you are not pleased with shipments, notify us at once.

PRICES POSTPAID—unless otherwise stated. Cash or 25% with order and balance c. o. d. Stamps with small orders welcome. 6 bulbs of one variety at dozen rate.

DAFFODILS

The following varieties are arranged in groups for your convenience in making selections. As the newer ones become more plentiful and reasonable in price we will list them. We start shipping about September 1st and these bulbs should be planted as early as possible. Plant 6 or 7 inches deep and about that distance apart in well worked fertile soil. Set in groups of 6 or more of one kind they will make a better showing than in a single row. They may be left two or three years then dug when the foliage dies down and separated and replanted.

FOLLOWING PRICES POSTPAID. DN. means large double nose bulbs having two or more flower buds. SN. means single nose or round bulbs having one flower center.

BULB IRIS

The bulb Iris begin blooming just as the daffodils are fading out, lasting about six weeks. Very useful as cut flowers and bulbs multiply rapidly. Plant 5 inches deep and 4 to 6 inches apart, during the month of September if possible. The Dutch and Spanish Iris are quite hardy but the English may need some protective covering over severe winters.

DUTCH IRIS. Earliest of the bulb Iris. Except where noted otherwise, .05 each; .45 per dozen; \$3.00 per 100 postpaid. 4 of one kind at dozen rate.

Adrian Backer, purple lilac, good substance.

Celestial, a fine sky blue.

E. B. Garnier, large deep blue.

Hart Nibrig, bright blue.

Imperator, tall dark blue, very fine forcer, late.

Leonard Da Vinci, creamy white and soft yellow.

Ruysdael, violet-purple, falls paler violet, unique color.

The First, purple standards, bright blue falls. .10 each; 12 for .75.

Theresa Schwartz, lilac with white falls.

White Excelsior, an excellent white.

Yellow Queen, a rich golden yellow.

Wedgewood, earliest and finest light blue. .08 each; 12 for .60; 100 for \$3.25.

Mixed Dutch, a good mixture.

SPANISH IRIS. These bloom a little after the Dutch Iris. .05 each; 12 for .45; 100 for \$3.00 postpaid.

Cajanus, tall golden yellow.

Mixed Spanish, a good mixture of several varieties.

ENGLISH IRIS. Largest and most beautiful of the bulb iris family, late June blooming. Plant 5 inches deep.

King of the Blues, velvety dark blue. .10; 12 for .75.

Fascination, beautiful orchid color. .10; 12 for \$1.00.

Mt. Blanc, pure white. .10; 12 for .75.

Purple, our own selected seedling, large deep velvety purple, .10; 12 for \$1.00.

Mixed, a fine mixture. .10; 12 for .60

IRIS BARGAIN

One each of the above named Dutch iris, 12 bulbs, not labeled .35 cents.

Four bulbs of each variety, 48 bulbs, all labeled separately, total value \$1.80, all for \$1.50.

We pay postage

Remember, early planting for best flowers and bulbs.

LILY BULBS

Plant large and medium size lily bulbs about 6 inches deep in good fertile soil. Partial shade is good, but not too near trees or large bushes that sap the life and moisture out of the soil. Some lilies mature quite late but we will send your orders as early as possible.

Prices are postpaid. Six of one variety at dozen rate.
